

Implementation Directions for Major Modular Courses in the Department of Nursing, Tzu Chi University of Science and Technology

Approved by the Department Curriculum Meeting on October 6, 2017
Amended by the Department Curriculum Meeting on January 18, 2019

- Article 1 The present Implementation Directions for Major Modular Courses in the Department of Nursing, Tzu Chi University of Science and Technology (hereinafter “the Directions”) were formulated in response to the present evolving healthcare employment environment to encourage the diverse learning of students and enhance their knowledge and employability.
- Article 2 The Directions are applicable to currently enrolled students of the Department of Nursing who have enrolled in modular courses.
- Article 3 The modular courses are open to students for selection; to enroll, students are required to select the courses during the course selection period and complete relevant registration.
- Article 4 Students in the day-school division and continuing education division should complete at least 6 related credits for each major modular course. Students completing and passing modular courses are awarded a Certificate of Completion in a major modular course by the Department of Nursing.
- Article 5 To obtain a Certificate of Completion in a major modular course, students who complete the course are required to apply for the issuance of their certificates during the stipulated period, fill out the relevant application form, and attach the transcript showing the modular course grades.
- Article 6 These regulations shall be implemented upon approval and announcement by the Curriculum Committee of the Department of Nursing; the same applies for

revisions.
